**Re: Plumbing Code Review Committee**

The Building Codes Division is forming a code review committee regarding the adoption of the *2011 Oregon Plumbing Specialty Code (OPSC)*, which will be based upon the *2009 Uniform Plumbing Code (2009 UPC)*, for anticipated adoption on April 1, 2011. This committee will review changes to model code, current Oregon amendments and code change submittals for plumbing provisions to the 2009 UPC and make a recommendation to the Oregon State Plumbing Board. The board will then make a recommendation to the division regarding the adoption of the 2011 OPSC.

If you or someone from your organization is interested in participating on this committee, the division is seeking the names of 1 to 2 people who can represent your organization to serve on the code review committee. If you were previously a member of the Plumbing Code Change Committee and are interested in serving in this capacity, you must resubmit your name.

The overall committee size will be 7 to 9 members. Committee meetings are expected to begin in late spring 2010. The committee is expected to meet approximately every two weeks at the Building Codes Division in Salem. If you are interested in participating on this committee, please contact Dana Fischer at 503-373-0226 or at [Dana.C.Fischer@state.or.us](mailto:Dana.C.Fischer@state.or.us) before 5:00 PM, March 24, 2010.

If you have any questions or need further information about this code change process, please contact:

Terry Swisher  
Plumbing Program Chief  
Building Codes Division
