Attn: Trevor Johnson

Concerning: Lane County Building Program Fee Schedule Revisions

Mr. Johnson:

In accordance with OAR 918-020-0220 Fee Adoption Standards, this letter and the accompanying document are intended to serve as notice of revisions to the Lane County Building Programs' fee schedule. The revisions are necessitated by administrative rule changes which dictate consistent fee methodology. Whenever possible, these fee revisions have been formulated on a revenue neutral basis.

The following items are intended to specifically address the administrative rule requirements related to notifying the Building Codes Division of fee revisions.

- *OAR 918-020-0220(1)(a)(A)Affected specialty code or program areas:* Oregon Structural Specialty Code, Oregon Residential Specialty Code, Oregon Plumbing Specialty Code, Oregon Mechanical Specialty Code, Oregon Electrical Specialty Code, Oregon Manufactured Dwelling and Park Specialty Code, Oregon Fire Code.
- *OAR 918-020-0220(1)(a)(B)Description of proposed fees and approximate percentage increase:* See attached excerpt from Lane Manual 60.855 with proposed fee revisions in legislative format. In every possible instance, revision calculations that sought revenue neutrality were applied for an overall net percentage increase of zero. So, while individual fee items may have increased or decreased, the average cost and overall revenue associated with a typical collection of permits over a given year remains the same.
- *OAR 918-020-0220(1)(a)(C)Proposed effective date:* April 1, 2010.
- *OAR 918-020-0220(1)(a)(D) Most recent fee increases:* Structural, mechanical, plumbing and electrical fees were last revised on July 1, 2008 (Order No. 08-5-14-11).
- *OAR 918-020-0220(1)(a)(E) Local municipal hearing per ORS 294.160:* The board order recommending enactment of the proposed fee increases will be presented for approval at the Lane Board of County Commissioners meeting on February 24, 2010. The meeting, including a period for public comment, will start at 9:00 am in Harris Hall on the main level of

the Lane County Public Services Building, 125 E. 8th Ave, Eugene, OR. Agendas, minutes and streaming video of all board meetings can be found at www.lanecounty.org.

- *OAR 918-020-0220(1)(a)(F) Contact person:* Brian Craner, Lane County Building Official, (541) 682-4466.
- *OAR 918-020-0220(1)(a)(G) Purpose of revisions:* As alluded to in the opening of this letter, the purpose of the proposed fee revisions for which this notice is given is to bring Lane County's fee methodology into agreement with the methodology dictated by administrative rule changes adopted at the beginning of 2009. Although the new administrative rules prompting these revisions went into effect January 1, 2009, Lane County was granted a waiver from compliance with these requirements in light of ORS 203.115. At the time, this statute stated that "a county governing body shall not change the amount of a fee it has set pursuant to statute within one year after setting that fee." As the fees set forth in LM60.855 had previously been revised effective July 1, 2008, the Division allowed for the County to postpone revisions intended to bring about compliance with the new OARs until at least one year had passed. Now that the time has passed to allow for revisions to the County's fee schedule, compliance with current administrative rules is being sought through these revisions.

Feel free to contact me to request any additional information required by statute or administrative rule.

Respectfully submitted,

A handwritten signature in black ink, appearing to be 'B. Craner', with a long horizontal line extending to the right.
