Subject:
Increase to Permit Fees and Revision of Fee Methodologies

Dear Mr. Huntington,

This letter serves as notification, in compliance with the requirements of Oregon Administrative Rule (OAR) 918-020-0220, that the City of Warrenton is proposing new fees for building permits and revisions to applicable permit fee areas. The fee changes would affect the following program areas: Structural, Electrical, Mechanical and Plumbing. The structural, electrical, mechanical and plumbing fees were last increased in July 2003. The increase in fees will be primarily in the hourly rates and the minimum fee requirement.

General note:

- Hourly rate increased from \$61.50 to \$65.00, this is a 5.7% increase

Building Permit Fee Table:

	Current	Revised
Minimum Permit Fee	\$61.50	\$65.00
\$1 - \$2,000	\$51.75 - \$81.00 (\$1.95/100)	\$65.00 - \$81.00 (\$1.95/100)
\$2,001 - \$25,000	\$81.00 - \$260.40 (\$7.80/1000)	\$81.00 - \$260.40 (\$7.80/1000)
\$25,001 - \$50,000	\$260.40 - \$406.65 (\$5.85/1000)	\$260.40 - \$406.65 (\$5.85/1000)
\$50,001 - \$100,000	\$406.65 - \$601.65 (\$3.90/1000)	\$406.65 - \$601.65 (\$3.90/1000)
\$100,001 and up	\$601.65+	\$601.65+

Plan review fees will remain at 65% of the structural permit fee for structural plan review and 40% of the structural permit fee for fire and life safety.

"We can make our plans, but the Lord determines our step" Proverbs 16:9, NIV

The International Code Council has provided building valuation data, which will be used as a basis for determining costs of construction. The table below was published in February 2008. The City of Warrenton will not be using a regional multiplier at this time.

The previous cost per square foot was based on a flat rate of \$88.46 regardless of the occupancy and construction type. Garages, porches and decks had been figured at \$37.34 per square foot, which is identical to the proposed table. The proposed table is more accurate. The impact will be significant with some occupancy groups both increasing and decreasing the cost per square foot. The areas most concerned for the City of Warrenton is the cost per square foot for single-family residences. This is an 8.4% increase.
